rules read. You vote in the negative or read if you want to overrule the Chair's decision. No. I am asking if the Chair should be overruled. Senator Stull.

SENATOR STULL: For your ruling to stand, we vote red.

SPEAKER: Right. Have you all voted? The Clerk will record. 11 ayes, 24 nays to overrule the Chair. Senator Chambers.

SENATOR CHAMBERS: Mr. Chairman, what you have just stated, then, is that after the ten days during which a member can introduce a bill, he may add his name to an unlimited number of bills without being in violation of the rules. That is what you are ruling, isn't it?

SPEAKER: This is right and I base it from Rule 5, subsection (d).

SPEAKER: The Chair recognizes Senator Maresh.

I remember our Committee heard the bill, Miscellaneous Subjects, and we went to the two plates for pickup trucks so we are sort of reversing our action at that time. I think it would be better if we could go to a five year license plate. These plates seem like they stand four years easily and they could maybe be used for five years and keep the price at the same level.

SPEAKER: The Chair recognizes Senator Swigart.

SENATOR SWIGART: Mr. President and members, I think we ought to think twice right now about taking off this second plate. I think it would be a great hindrance to the detection of
